## Silver Certificates of 1896

The \$2 note features **SCIENCE PRESENTING STEAM AND ELECTRICITY TO MANUFACTURE AND COMMERCE**. During this period in American history, these two forces were in the forefront of powering America's rise to prominence. Robert Fulton (who harnessed steam in his 'Fulton's Folly' paddle-wheel steam boat) and Samuel F. B. Morse (who harnessed electricity to speak across crackling wires) are depicted on the reverse.

## Silver Certificates of 1896

The \$5 note shows an allegorical **ELECTRICITY AS THE CENTRAL FORCE IN NATURE**. The importance of this energy is emphasized as a primary force behind America's advancement. Two famous American generals, Ulysses S. Grant and Philip Sheridan flank a winged Liberty head on the reverse.
